YOUNG MAN DROWNED.

L. A. Reed, of Magoffin County, Finds Watery Grave in Ohio River at Louisville.

L. A. Reed, 24 years old, who, with his brother, came to Louisville two days ago from his home in Magoffin county, seven miles from Ciderville, fell from the second deck of the ferryboat and was drowned in the Ohio river near the Big Four bridge, last Friday afternoon. The young men had never been in the city before and were enjoying their first ride on a steamboat. The body has not been recovered.

The brother, Marion Reed, 22 years old, who was on the lower deck, heard a scream and saw his brother's form plunge through the air and strike the water. He ran to the railing and a moment later saw the form rise to the surface. The brother was making a hopeless fight against the waves at the side of the vessel. Twice he sank while his brother looked on powerless to assist him, because neither could he swim.

"As he came up for the third time he looked and saw me," later declared the brother. "He looked at me just for a moment and then seemed to realize he was going down again for good he stretched forth one of his arms and waved."

Marion Reed called to members of the ferry's crew telling them his brother had fallen overboard. The engines were stopped, but upon learning the man was unable to swim and had been seen to sink for the third time, the boat proceeded to the landing.

Central Police Station was notified and Marion Reed was taken to headquarters for his story of his brother's death.

"We came to Louisville two days ago, hoping to get work," he said. "We had lived on a farm in Magoffin county for a long time and as crop season was bad we had to get other work. We had never been to a big city like this before and had never seen a regular steamboat. So one told us down at the river that we could pay a nickel and ride on the ferryboat as long as we wanted to."

"After we had ridden over to the other shore and back about three times, my brother got sick. He leaned over the railing and asked me to get him a drink of water. As I started down the stairs to the lower deck I saw him leaning away over the railing. I thought he was able to care for himself. I had just found a man who told me where to find the drinking water, and was walking over to the side of the boat when I heard a scream. Right away I saw a man shoot past me and fall into the river. When he came to the surface I saw it was my brother."

The young farmer was so much affected by the tragic incident while at police headquarters that the officers sent him to the hotel, where the brothers had been stopping. He said he is the son of W. M. Reed, a farmer, and that another brother, Richard Reed, is at home.

Reed would not send a telegram to his father to notify him of the death of his brother for the reason, he said, his mother is seriously ill, and he feared the shock would cause her death.

The life-savers say the body is apt to remain under the surface for months, or as long as the water remains cool.—Courier-Journal.

TWO SPECIAL JUDGES.

FRANKFORT, KY., Nov. 8.—L. P. Fryer this morning was designated to preside over the Brethitt Circuit Court to hear the suit of Circuit Judge Hugh Riddell, of that district, against the Brethitt county Election Commissioners, in which he seeks to compel the certification and counting of the vote in three precincts of the county which are alleged to be held out.

Judge M. M. Redwine was designated to preside over the Boyd Circuit Court for the November term beginning Monday. Judge W. C. Halbert, of Vanceburg, having been injured in a runaway accident and physically incapacitated from presiding.

Official Count in Lawrence County.

On page two will be found the official count in Lawrence county of the election held November 4, 1913.

In the primary last August both parties overlooked the matter of making nominations for Surveyor and Coroner. Nine votes were cast at this election for Labe Wallace, of Louisa, for Surveyor, and six votes for Dr. J. F. Hatten, of Buchanan for Coroner.

The Socialist candidates for Senate and Representative received eight and three votes, respectively, in the county.

The Bull Moose candidates for Jailer received 73 votes and the candidate for Assessor 47 votes.

On the constitutional amendment to revise the taxation system 419 voted yes and 70 no. On the amendment to authorize the legislature to enact a law to work convicts on the public roads the vote was 427 yes and 52 no.

PROFESSOR OF AGRICULTURE.

The NEWS has space this week only for a brief mention of the fact that the Fiscal Court, at a recent session did a splendid thing for the county, when it agreed to join in securing from the Department of Agriculture a teacher of Agriculture for Lawrence county. He will begin his labors here on Jan. 1st, 1914, and for one year will devote his entire time and attention to the farms and farmers of this county. For his labors he is to be paid \$1200, and Lawrence county assumes the payment of one-half this amount. The Fiscal Court never did a better thing in its official life, and it is meeting with the approbation of all taxpayers who view its action from the proper standpoint.

In a later issue of this paper this very interesting and important matter will be more fully noticed.

MILLION-DOLLAR CONTRACT

For Lock and Dam No. 35 Awarded Company of Louisa Men.

Colonel Henry Jervey, in charge of Cincinnati District No. 1, Corps of Engineers, U. S. A., yesterday let the contract for the first installment of the work of constructing Lock and Dam No. 35, to be located in the Ohio river near New Richmond, to the National Contract Co., of Evansville, Ind., at its revised bid of \$1,084,000. The contractor will start to work immediately in order to do certain preliminary work necessary before the close of the present season.

The original bid of the National Company was something over \$30,000 higher than the revised bid, which was accepted by the Government yesterday. The revised bid was \$5,000 over the estimated cost of construction as prepared by Colonel Jervey, but it was considered fair, and the award of the contract was ordered by the War Department officials at Washington.

Colonel Jervey also received authority yesterday to advertise for bids for the first installment of the work of constructing Lock and Dam No. 33, which is to be built in the Ohio river near Vevay, Ind. The bids for this improvement are to be opened by Colonel Jervey at noon December 11. The estimate placed on this work by the Government engineers is in the neighborhood of \$1,000,000.—Cincinnati Enquirer.

The above item is of strong local interest because two of the most active members of the National Contract Company are citizens of Louisa. They are J. C. Thomas and H. A. Scholze. Other members of the company, Messrs. Sani and Charles May, also are known here. They are now the leading contractors on the Ohio River, and have broken all records for rapid and successful work. Also, they have the largest and most efficient plant on the river. This year they have built a lock near Steubenville, Ohio, and are at work on the dam. This is the first time a lock in the Ohio river has been completed in one season.

The new contract is for a lock and dam twenty miles above Cincinnati. It is the third contract awarded on the Ohio river to this company.

GONE TO HER REWARD

Mrs. John B. Spencer Dies After Long Suffering, Borne With Patience and Resignation.

After a long period of ill health and great suffering Mrs. John B. Spencer died at her home near this city at one o'clock in the morning of Saturday, Nov. 8th. On Sunday afternoon, in spite of the very inclement weather, a very large number of the friends and relatives assembled at the last earthly home of the deceased to pay their tribute of love and respect to her who lay so still and cold in her basket, upon and around which was a wealth of floral offerings, in masses of odoriferous richness and beauty. The simple and appropriate service for the dead was conducted by the Rev. B. M. Keith, pastor of the M. E. Church South, of which for many years Mrs. Spencer had been a devoted member. One feature of the occasion was the singing by request of "God Will Take Care of You," the solo soprano part being rendered by Miss Katharine Freese.

At the conclusion of the house services the body was borne to Pine Hill cemetery, where it will rest until the dead in Christ shall rise.

Mrs. Spencer was 57 years old. She is survived by her aged mother, Mrs. Sarah Layne, her husband, Mr. John B. Spencer, and four children—two sons, E. T. D. Jr., and Laban, and two daughters, Matilda and Emma Wallace, children by her marriage when very young with Eugene Wallace.

Mrs. Spencer was a most excellent woman. As a child she was a general favorite, cheerful and sunny in disposition. She grew up into popular girlhood, and when the duties of wife and mother became hers she bore them bravely and well. She had a beautiful country home over which she presided in a most pleasant and attractive way. Her hospitality was generous, and she dispensed a charity at once large and without ostentation. Her ready and thoughtful kindness to those in need will be sadly missed by those who have been the recipients of her bounty. To the helpless mother whom she nursed with unrelenting and unselfish care, she was tender and devoted. To her children the personification of love and affection, and they in turn loved "mother" as but few parents are loved. Husband and wife were affectionate and tender, one to another, and the bereaved partner in the joys and sorrows of life, feels most deeply the loss of her who had made his home happy.

Throughout the long and painful sickness which ended only with her death Mrs. Spencer exhibited a surprising patience and fortitude. Her resignation was that of a Christian, and when facing the dread alternative of the surgeon's knife in the vain hope of obtaining permanent relief from pain she declared her readiness "to go" if she failed to awake from the unconsciousness caused by the anesthetic.

Her husband and children spared nothing in their efforts to restore to health the beloved wife and mother. Visits to healing springs, the services of skillful physicians and surgeons, the ministrations of trained nurses—all were brought into use, but Arael had plumed his sable wings for his visit to the beautiful home and human hands could not stay his flight.

The dead woman's last conscious words concerned her loved ones and framed the Christian's "I am ready." And so, while the Shadow has fallen and has shrouded home and heart in black, those who sit in the darkness know that with her whom they had loved and lost "All is well."

BRIDGE LET TO CONTRACT.

At a recent meeting of the Fiscal Court the erection of a bridge at the mouth of Cherokee was let to contract. The Champion Bridge Co., of Wilmington, O., was the only bidder and secured the work for \$1680. The bridge will be of iron, hundred foot span and 12 foot roadway. The contract for building the piers will be let December 29.

GALL STONE REMOVED.

Mrs. P. P. Hinkle, of Inez, was successfully operated upon at the hospital in this city on Saturday last for gall stones. She had been in the hospital undergoing treatment for her trouble, but she had no permanent relief until the operation was performed, a stone weighing 120 grains being removed. Dr. York, assisted by Dr. Bromley, did the work. The patient is doing well.

ENGAGED AS SINGER.

Miss Katharine Freese expects to leave on Tuesday next for Cabin Creek, W. Va., where the Rev. and Mrs. Wyser reside, and where she will have charge of the music during a series of meetings to be conducted by Mr. Wyser. Mr. Wyser is a Presbyterian minister and evangelist and is doing a splendid work in that section. Miss Freese expects to be gone about three weeks and upon her return she will resume her professional work here. The selection of Miss Freese for the work noted was a good one.

HOLIDAY BAZAAR.

The ladies of the Baptist church intend to hold a holiday bazaar on Friday and Saturday, Dec. 12 and 13, for the sale of useful and fancy articles suitable to the season. Place and particulars will be announced later.

DEATH CALLS W. T. OSBORN

Esteemed Citizen of Fort Gay Yields to Pneumonia.

The NEWS is called upon to note, with much regret the death of Mr. W. T. Osborne, of Fort Gay, which occurred at his home on Thursday, Nov. 6. Interment was made on Saturday at the home place, on Wolfe creek, not far from the Greenbrier church. The funeral was very largely attended. The Rev. Burwell Akers, of Ceredo, and Puckett conducted the service. He was a victim of pneumonia and was sick only a week. He is survived by a widow and four children, two girls and two boys, all grown. The boys are Phareah, who lives at the home-stand, and "Doc" Osborne, the N. and W. agent at Ft. Gay.

Mr. Osborne was born Sept. 12, 1840, in Wayne county, not far from the place of his burial. He came to Ft. Gay five or six years ago, where he was in business as a merchant up to the time he died. He was one of the best and most highly respected men in Wayne county. Sober, honest, religious and industrious, he won and kept the respect and esteem of all who knew him. In the varied relationships of life he was a model man. The death of such a character leaves a void in the community and county in which he lived which is not easily filled.

Death of Well Known Woman.

On Wednesday, November 12, Mrs. Wilson, widow of James Wilson, died at the home of her son-in-law, Mr. Dan Frazier, who lives at the old Wilson home about 6 miles from Ft. Gay. Mrs. Wilson was 84 years old, and was a sister of William, John and Moses Jarrell. She was buried near her late home Thursday. Her husband died about two years ago.

HAS RETURNED HOME.

Mrs. L. L. Funk, who had been visiting the family of her brother, John Gartin, for several weeks, has returned to Chicago. She took with her the four bright young children of Mr. Charles Holbrook, of Blaine. Mrs. Holbrook died several months ago, and Mrs. Funk will care for the half-orphaned little ones as her own.

KENTUCKY OIL FIELDS.

All Indications Point to Busy Winter Season.—Operators Letting New Contracts.

Barbourville, Ky., Nov. 9.—The approach of winter has brought no abatement in Kentucky petroleum operations. In all the districts where pipe lines extend there is the usual activity this month, and operators are going ahead with the letting of contracts for new drilling in a way which indicates a busy winter season. Developments in the more settled pools have reached a stage where drilling is not so uncertain of results in the way of new production. While new wells in the developed portions have not shown a yield up to former averages, the percentage of failures is light and the established pools ought to show a continuation of activity all through the winter. Test work in undeveloped fields will show a natural falling off, because of bad roads and difficulty of getting in drilling supplies. There is sufficient encouragement, however, in some directions to warrant the advance operator in going ahead of present developments, and the northern and eastern districts of the State will probably show activity during the winter.

In completed work the old Wayne county field, in lower Kentucky, holds the stage. Most of the Eastern Kentucky drilling force is centered in this county. Three new wells are reported, all within defined areas and the best making fifteen barrels daily. Morgan county operations have shown some expansion. Half a dozen ventures have been completed lately, one well showing a yield of twenty-five barrels. Others were of lighter capacity and one failure was listed. Several operators from Pennsylvania and West Virginia have taken up leases in the Morgan county field. Although a comparatively new district, this field is now turning out over 3,000 barrels weekly, and the wells which have been operated steadily during the year maintain a good settled production.

Of half a dozen smaller fields of Eastern Kentucky, Wolfe county is the only one in which work is being pushed. Several drills are in commission in the Stillwell district. The only late completion is a ten-barrel well. In Knox county, Oklahoma operators expect to have several drills moving within another month.

Price on the two grade of Kentucky petroleum have undergone no change lately, quotations being \$1.35 and 70 cents a barrel on the light and heavy grades, respectively.

KILLED THE HORSE.

Charles Moore, of Louisa, a traveling salesman for Dixon, Moore & Co., hitched his saddle horse at the store of a merchant at Dwayne, Floyd county, one day this week and went in to interview the proprietor. During his absence the horse slipped the bridle and wandered half a mile down the C. and O. track, where it was struck by a passing freight train and killed.

Mr. May Will Recover.

In a letter just received by Mr. R. T. Burns, of this city, from Mr. A. J. May, of Prestonsburg, is the following: "You may say to any inquiring friends that it is now the belief of his physicians that he (meaning his brother, Hon. W. H. May) will soon recover."

This is good news to the NEWS and the many friends of Mr. May here. He has been very ill, and at times it seemed impossible that he could recover.

George Ward Hurt At Heller.

G. A. Ward, C. & O. supervisor of Bridges and Buildings suffered a fractured knee cap Wednesday afternoon, when a motorcycle upon which he and Chief Inspector Powell, of Richmond were riding jumped the track.

The accident occurred at Greenough, near Heller on the Marrowbone branch. Mr. Ward is now in the C. and O. hospital at Clifton Forge. Mr. Ward was for a long time a bridge carpenter on this division and is well known here.

THE SILVER TEA.

This was a most delightful affair, artidically, socially, financially and gastronomically, which being interpreted means that the music and recitations were fine, the visitors were in genial and giving mood, the receipts were about \$25, and the refreshments were excellent. The program was more than usually good, and its rendition was very pleasing. The NEWS is sorry that a lack of space precludes its publication this week.

VISITED HIS FORMER HOME.

Mr. James Vanhose, formerly of Georgea creek, this county, but now a citizen of Webb City, Mo., was here last week visiting relatives and old friends. He moved to the Doubting State about 20 years ago and looks like he had enjoyed the change. Mr. Vanhose began his return journey Saturday, going by way of Waverly, O., to see his brother-in-law, "Buck" Daniels, who also lived in this section until a year or so ago.

Frank Bowling In Trouble.

A letter from Logan, W. Va., to the NEWS says that Frank Bowling, aged about 18 years and son of W. H. Bowling, of Whitehouse, Ky., shot and wounded a couple of Baldwin detectives with whom he had quarrelled concerning the price to be paid for mining. The difficulty occurred on Friday last, but where and how seriously the men were wounded the letter did not say. Bowling had not been arrested although he was said to be in Logan.

BURNS CAUSE DEATH.

The three-year-old son of Mr. and Mrs. George Jordan residing on Center-st., was burned Monday night, death relieving the little son of his agonies Tuesday morning. Accompanied by the family the remains were removed this morning over the Big Sandy for Blaine where burial will occur.—Independent.

Marriage of Miss Nina Rathbone.

Cards announcing the wedding of Miss Nina Rathbone, a former Louisa girl, have been received in this city. She was married in Parkersburg, W. Va., Sunday, Nov. 9th, to Mr. Marcellus Hardman Percy. The bride is a very pretty young woman, popular with her many friends in this city, where she lived many years.

EPISCOPAL SERVICES.

On Tuesday night next, Nov. 18th, the Rev. J. Howard Gibbons, Rector of Calvary Episcopal church, Ashland, will hold services at the M. E. Church, this city, beginning at 6:30 o'clock. You are cordially invited to attend.

THANKSGIVING SERVICES.

Union Thanksgiving services will be held at the Christian church on Thursday evening, Nov. 27, beginning at 6:30 o'clock. The sermon will be preached by the Rev. C. B. Plummer, of the M. E. Church. The programme of exercises will be published in the NEWS next week.

Called Home By Illness.

Miss Lora Ramey, who was visiting the family of her uncle, H. C. Osborne, of this city, was called Saturday to East Point, because of the illness of a brother, who has whooping cough and typhoid fever. Mrs. Osborne went to his bedside on Tuesday.

THE POWER OF THE PRESS.

A day or so ago Link Burke lost a purse containing a considerable sum of money. He gave the NEWS a card to be published, describing the purse and offering a reward for its return. And even before the notice was set up the property was found and was returned to the owner.

SHARP CONTRAST.

On Friday last the mercury showed 68 degrees. At sunrise Tuesday it showed only 16, with an inch or two of snow on the ground and half an inch of ice in the rain barrels, a record breaker for November eleven.

Don't Look Old Before Your Time

That backache, so common among women, brings with it the sunken chest, the headache, tired muscles, crows'-feet, and soon the youthful boy is no more youthful in appearance—and all because of lack of attention.

There is no reason why you should be so unfortunate, when you have at your disposal a remedy such as Dr. Pierce's Favorite Prescription—recommended for over 40 years as a remedy for ailments peculiar to women. We have thousands upon thousands of testimonials on file—the accumulation of 40 years—testifying to its effectiveness. Neither narcotics nor alcohol are to be found in this famous prescription. Regularizes irregularities. Corrects displacements. Overcomes painful periods. Tones up nerves. Brings about perfect health. Sold by dealers in medicines, in liquid or tablet form.

Dr. Pierce's Medical Advertiser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.

LAXATIVE FOR OLD PEOPLE—CASCARETS.

Salts, Opium and Pills act on Liver and Bowels like pepper acts in Nostrils—Danger!

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

WANT TO TRADE. Jersey cows for mule colts. Have pair 1-year-old mules for sale. F. H. YATES, Louisa, Ky.

FROM TEXAS.

We had our first northern followed with frost about the 20 of October. To-day another northern with frost, cold dry wind and sunshine.

Some may be curious to know more about the spontaneous and domestic vegetation of Texas. What little forestry there is consists mostly of very short-bodied timber, such as red elm, hackberry, post oak, burr oak, black jack, cotton wood, pecan, etc. No chestnut, poplar, black pine, hemlock dogwood or sourwood. No free stone nor cliffs and canon. The out-cropping shows to be limestone. The water is generally hard.

I have seen any Ky. bluegrass or white clover here, nor any of our tame grasses of Ky. They all perish in a severe drouth. Alfalfa, with its long top roots, lasts many years. Bermuda and Johnson grasses are natives and are permanent. Bermuda is a trailer and is fine for yards, lawns and parks. It will do well in Kentucky if properly cared for until it turns. Johnson grass grows all the way from eight to ten feet high and might do well in Kentucky.

Not many medical herbs and when one gets sick he goes to the doctor. We have the cockle burr and morning glory.

A little Texas rag weed. Texas bluegrass, Texas dog fennel, Texas broom weed and about a half dozen different kinds of carless and pursleys. Among them the prickly carless and carpet weed. A bundle of wild alfalfa may be smelled a 100 yards if the air is favorable. We have some crab grass for tall and harsh grasses. The Texas sunflower and blood weeds grow very rank and tall.

I can hear of the mosquit timber and mosquit grass and caenas, etc. In other parts of Texas but I don't get to travel any so don't see much.

A CONSUMPTIVE COUGH.

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and lets you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c & \$1.00. All druggists, by mail.

WEBBVILLE.

I have been in Boyd county two weeks and find good crops. On East Fork and Garner, and good farms and good old people. Rather extra for farms, but the whiskey in Catlettburg and Ashland is ruining the young boys. They go to Catlettburg and Ashland in the evenings over those splendid roads and in the night come back full, whooping and howling, and if church is going on they generally stop and disturb church or raise a racket. There is a clan got in there that call themselves Holy Jumpers, that abuse and preaches all other denominations to hell. The people have broke up most of the churches and about all the Sunday schools in that neighborhood and I don't know which is doing the most damage to a community, the whiskey or Holy Jumpers. If I had to take my choice I would take whiskey. I wish Boyd county had for two years Judge Hannah and John Waugh for Judge and Commonwealth's Attorney and I am certain the whiskey business would stop or half of them would be in jail.

Yesterday I went to Grayson and visited my old friends Frank Prater and wife and John Waugh and wife, found both well, happy and followers of our Lord and Saviour Right here I want to say to the people of our Judicial District that John Waugh deserves more credit than any man in our district for I have known him ever since he was a 10 year old boy and his parents were poor and honest and right in my country he worked by day's work and paid his schooling and board and went with my children to Pot. Elam at Blaine and got his education and helped support his old folks and mother and two sisters, one widow with two children. Now I know this to be the fact, for I know he paid their store bills at Webbville to my own personal knowledge, and after he got his education and got his license to practice law I took him to East Fork to a law suit that I had one side of and uncle Jerry Riffe had the other. Three young men for disturbing public worship, and I went by John Waugh's father's on Cat's Fork of Blaine and said to John Waugh, "Come and go to East

Fork with me and help me and I will divide the fee. I will question the witnesses and you make the speech and I will divide the fees. I took the ground that you could not disturb that congregation, that the preacher disturbed more than the boys and we won the case and got \$12.00 for it and divided it, and John made a fine flowery speech and to-day there is not a better commonwealth attorney in the State. He and Judge Hannah are to be praised and honored for our district being dry and our district so honors them and there is not a man in the district that can beat John Waugh for anything he wants. We got to Webbville last night and I will be here and at Blaine two weeks and will give you all the news of Webbville. They asked me to write to your paper while I was gone. "UNCLE TIP" MOORE.

FARM FOR SALE Situated on Hulet Branch between Pulling Station and Potter Station. About three quarters of a mile from each station. 100 acres. Good outlet, and very good dwelling house five rooms, good out buildings, good well, good garden and good orchard. About 50 fruit trees, good barn. About 50 acres cleared land some grass, good meadow, 3 feet coal opened up one half mile from schoolhouse. About 15 acres in corn. If sold inside of 3 months the farm and crop will sell at \$1500 fifteen hundred dollars. For further information write BIG SANDY NEWS For Particulars.

This should appeal to men that want to raise cattle, hogs, sheep, or any kind of stock, and the man that wants to garden, raise fruits or berries, etc., for the market are excellent bors. The market never better than this, the dairyman next, the live stock man next, etc. I have farms suited for all purposes, many of them on the best pikes in the county, some on good roads, all handy to school and church. I get a good many questions asked me: "Are there any negroes in the school district near such a farm you have advertised?" I have no farms in negro settlements, so there are no mixed schools here. Many of the farms I have for sale are close to my own. You may find men that will tell you before you get to me that it is too far out. Don't stop. Come on. I can show you better. The land is better out here, is much smoother and the roads are just as good. I have several good farms for sale with good locations for store, blacksmith shops, and many good opportunities for men to make money. Come and see me before you buy. Write or call me over the Bell phone. Write to Sciotoville, Ohio. Always come on No. 15 on the N. & W. Write four days before you start. I will meet you with rig.

NERVOUS PEOPLE

are usually thin and easily worried, sleep does not refresh and the system gradually weakens from insufficient nourishment.

Scott's Emulsion corrects nervousness by its force of concentrated medicinal nourishment—it restores the healthy action of body cells, enriches the blood, sharpens the appetite, and feeds the nerve centres by distributing energy and power all over the body.

Don't resort to alcoholic mixtures or drug concoctions that stimulate and stupefy.

Get a bottle of Scott's Emulsion for your nerves—nothing equals or compares with it, but insist on Scott's.

Few tears will be shed over the defeat of Tammany in New York. Mitchell, the fusion nominee, who is to be the next mayor, is a good enough Democrat to be an appointee of President Wilson.

One thing should be burned into the brains of Democratic legislators, is that the law allowing women to vote should be repealed by the next Legislature. One experience is enough.—Hopkinsville Kentuckian.

Regarding the tendency of the times Henry Lawrence, of the Cadiz Record, is somewhat pessimistic. Hear him: The slit skirt is only one of the many indications of the hellward gait we are swiftly traveling in this country.

Mrs. Paukhurst's funny husband was a frail little man with weak eyes, a straggling, reddish beard, squeaky voice and henpecked manner.

Death relieved him of his sufferings, marital and otherwise, in 1889

Gaylord Miller Saltzgeber, the new Commissioner of Pensions, ranks high among paymasters. This year he pays out nearly \$153,000,000 to about \$15,000 persons on the pension list. Mr. Saltzgeber succeeds James L. Davenport as Commissioner of Pensions and is from Ohio.

The first Republican county officer elected in years in Menifee was elected in the person of P. L. Little, who had a majority of 13 for Sheriff. He defeated J. H. Helton, who was regarded as one of the strongest Democrats in the county. H. Sexton, Democratic nominee for Judge, had a majority of 36. The county is usually Democratic by 200.

Leo Feutress, of Muhlenburg county, Ky., was elected Co. Clerk at the recent election. He had "Seven Reasons" for asking for the office. These were seven children, six girls and one boy, aged, respectively 10, 8, 6, 4, 3, 2 and 1 years. On his election cards were pictures of the "reasons" sitting in a row, making a pretty flight of stairs. Mr. Feutress was elected by a good majority.

Reports from the voting in the various counties upon the two proposed amendments to the Constitution of Kentucky have been meager, many of the counties having made no reports to the circuit clerk, and it will take the official reports to determine how the people of the State stand on these two propositions.

It seems from the reports made to the newspapers that both amendments have carried.

Governor Feltner, of New Hampshire has honored the requisition of the State of New York for the extradition of Harry K. Thaw. The case is now transferred automatically to the Federal Courts, where a writ of habeas corpus on behalf of Thaw is pending.

It may be that more than three years will elapse before the extradition proceedings can go into effect because of the unusual legal difficulties which have arisen.

H. D. Coierane, a negro preacher, was elected Councilman in one of the wards of Winchester. He will be the first of his race to serve in that city as a member of the Council. In Harrodsburg one ward will be represented by two negroes. The Fifth ward in Hopkinsville, Ky. has been represented by colored Councilmen for 18 years. E. W. Glass served 17 years, Wm. Leverett has served two years and Hiram Smith will succeed Leverett December 1.

Some of the newspapers of Kentucky are already denouncing woman suffrage election in which they were allowed to vote in only one race. We have heard several women who tried it declare they were disgusted with the experience and will never vote again. They see in it the lowering of the standard of womanhood and the loss of the respect of men. The best class of women can exert a greater influence without the ballot than with it.

Representative-elect Andrew Jackson Oliver, of Allen county, will seek the Republican nomination for Speaker of the House at the coming session and will likely have no opposition for the honor, which carries with it the leadership of the minority in the lower branch of the General Assembly. Mr. Oliver has had previous legislative experience, having been a State Senator in the 1908 and 1910 sessions. He is widely known over Kentucky, having been the Republican nominee for Secretary of State in 1911.

The minority leader of the House at its last session was R. C. McClure, of this city.

ARBOR DAY IN FRANKFORT.

Frankfort, Ky., Nov. 6.—In the presence of several hundred persons, including pupils of the Frankfort public schools and State officials, Gov. McCreary at noon to-day planted an oak in the State Arboretum in the rear of the Capitol building, to take the place of the "Governor's oak" which was planted last Arbor day by him and died.

The planting took place at the conclusion of the Arbor day exercises on the rear portico of the Capitol, and followed his remark that "to plant a tree is the proper way to celebrate Arbor day."

The exercises opened with patriotic airs played by the Frankfort band, after which the Rev. Dr. Jesse R. Zeigler, pastor of the First Presbyterian church, pronounced the invocation and Gov. McCreary delivered a brief address on "Forest Conservation."

He referred to the immense forest which covered Kentucky when Daniel Boone settled in Madison county, and of its waste until a timber famine is menacing the State. He quoted statistics to the effect that one-third more timber is cut every year than is grown, and that one third of that cut is not used. He said the railroads of the country use 120,000,000 ties, more than 4,000,000,000 feet of lumber, every year.

The question of reforestation, he declared, is of the moment, not only as a means of conserving and replenishing the timber supply, but for the protection of the watersheds and the soil. He said he hoped that every child would plant a tree every year.

Prof. T. J. Cones, Supervisor of Rural Schools, quoted a German proverb to the effect that whatever is wanted in the daily lives of the people must be taught in the schools saying that Kentucky spends upward of \$6,000,000 annually on her schools for the purpose of training her youth, and declared it would be a wonderful waste if this great amount were spent without any effort to bring the coming generation into a realization of the necessity and manner of forest conservation.

LOUISA MAN'S LUCKY FIND.

Will Interest Readers of the NEWS.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Louisa man.

William G. Shannon, Maple street, Louisa, Ky., says: "When I hear of anyone having kidney trouble, I always advise the use of Doan's Kidney Pills. For years I had been a sufferer from pains through my back and I had trouble in straightening after stooping. I was restless and when I got up in the morning, I was pained. The kidney action was irregular. Finally I used Doan's Kidney Pills and they gave me relief. The kidney action became regular and the pains and aches left. I am glad to confirm what I have said about Doan's Kidney Pills, when I have endorsed them before."

TO THE VOTERS OF LAWRENCE COUNTY.

I feel to thank you for the victory you have given me and for the honor bestowed upon me that I may be an officer of this grand old county. As this is my first attempt to take a step in an official life, and I feel that by the help of Him who hears the ravens cry that I will never give any one a just cause to regret his effort to make me an officer. I also feel very grateful to the citizens of Lawrence county for the kind treatment that they gave me during my campaign. I was proud indeed to be in so many homes and get acquainted with so many people. I also thank my worthy opponent for the kind treatment he gave me in our campaign so I expect to try my very best to make you an efficient impartial officer, I feel this gives me a chance to earn an honest living for my family, and I am also very thankful to all of my worthy opponents in the primary for the effort they made to hold up their respective precincts for me in the final, and after

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

ATLANTA PEOPLE EXCITED OVER STRANGE DISCOVERY

Startling Results Following the Use of Strange New Liquid Aroused Intense Interest In Georgia's Capital City.

MANY FORMER SUFFERERS DESCRIBE ITS EFFECT

Woman Helpless From Rheumatism Enabled to Walk Without Assistance, Sufferers from Stomach Trouble Who Could Scarcely Eat Enough to Keep Them Alive Claim Complete Recovery.

Atlanta, Ga.—Many persons of this city have become greatly excited over the wonderful cures reported by sufferers from various chronic ailments after using a strange new liquid, recently introduced by an Indiana man who claims to have spent the best years of his life and a large sum of money perfecting it.

Scores of people who say they have suffered for years, many of whom never expected to see another well day, claim to have been completely restored to health and news of countless wonderful results has spread like wild fire.

The drug store where the strange liquid has been demonstrated was besieged with health-seekers from morning till night and many interesting stories told by persons who, having used the new treatment successfully, brought in some sick friend or acquaintance to obtain a supply.

Among the many callers who related their experiences with the new treatment was Mr. Oliver W. De Weire, who has lived at 840 Bank street, Atlanta, twenty-two years and who for sixteen years has been employed as blacksmith in the Southern Railroad round house. Mr. De Weire said he had been afflicted with stomach trouble for about four years and that five doctors and many different medicines had failed to effect a cure. In speaking of his strange case he said: "I sometimes would have no desire to eat at all. My digestion was poor and frequently I would suffer from indigestion, pain in my stomach. Gas would form in my stomach and cause belching. I had dull, heavy headaches and was very nervous, irritable and worrisome. At night I could not sleep. I was weak and felt all run down. I have now been using the new Root Juice treatment for about three weeks and feel like a new man. I have gained six pounds in weight and can eat almost anything. I sleep fine, too, and get up feeling rested. This medicine has certainly fixed me up in fine shape."

Another startling account was given by a man who said he had come from Marietta. He gave his name as James D. Rupp, his address as 324 Hoovel street, and was very enthusiastic over the results in his case. "I have been a sufferer from stomach, liver and kidney trouble for seven years," he said, "My food positively would not digest and I was in constant misery. I tried one remedy after another without relief. I heard so much about this new Root Juice treatment that I procured a bottle and began using it. To my great surprise before I had finished it I found my stomach, liver and kidney trouble fast disappearing. Now I can eat heartily and I sleep well. In fact, I feel better every day."

Mr. Oscar L. Seymour, living at Weber and Orange streets, reports that after suffering from rheumatism, swollen joints and pain for eight years, three bottles of the Juice treatment put him on his feet, caused the soreness and swelling to disappear and made him feel fine.

Another and one of the most startling cases that have been brought to light is that of Mrs. E. G. Moore, who has issued a signed statement giving the facts in her case. In her statement Mrs. Moore says: "I almost believe Root Juice to be a gift from heaven, for I have suffered seven years with chronic stomach and kidney trouble and it has entirely cured me. When ever I would eat meat or potatoes, gas would form in my stomach and

this would press upon my heart so heavily at times that I thought I would smother. I had dull heavy headaches and pains across my back. My hands and feet were always cold and when getting up in the morning I would be so dizzy I could not see. I was an invalid for four years and although twelve doctors treated me I was not apparently benefited. At times I was too weak to feed myself and when I started taking Root Juice I weighed only 98 pounds. Within a week after taking my first dose I found I could eat anything I cared to without the slightest discomfort and that I was gaining rapidly in weight. After I took several bottles of the medicine I was able to do my own housework and have not been troubled since in any way."

The case of Mrs. J. Schondell, who suffered for years with rheumatism which became so severe that she was unable to move, is another of the wonderful results that are being reported. The story of her strange and remarkable recovery is best told in her own words, and the following is quoted from a signed statement which she has issued for publication: "I suffered for years with a severe attack of rheumatism. After trying numerous doctors without success I made up my mind to see what the Root Juice medicine would do for me. Before taking the medicine I was unable to move and had to be carried from one place to another, but when I had taken only two bottles I was able to walk with out assistance and can now take care of my household duties. Root Juice saved my life."

The effect of the Root Juice upon persons suffering from stomach trouble is almost incredible. The appetite increases with the first few doses and it is not uncommon to hear people say, "I had not enjoyed a square meal for years before I tried it."

Cases of kidney and bladder trouble, too, in which the sufferers complain of backache, soreness in the back, dark specks seeming to float before the eyes, painful and frequent urination, puffiness under the eyes and other common symptoms, it is claimed have yielded very quickly and many complete cures reported.

The new liquid is said to be one of the finest blood purifiers and system tonics known. Indigestion, loss of appetite, gas, belching, bloating, biliousness, loss of energy, backaches, headaches, urinary disorders, had blood, rheumatism, and other symptoms arising from functional disturbances of the stomach, liver, kidneys or bowels, are declared to be perceptibly benefited by its use from the very start.

Perhaps the best thing about it all is that the great discovery can be made very economically and consequently the poor can take advantage of its wonderful health-giving power, as well as the rich. Large bottles holding nearly a pint are being sold for only one dollar.

Can Be Had Here.

Local druggists say they are making an effort to procure a supply of the new medicine for the benefit of home people who are seeking a speedy cure and it is expected that a shipment will be here in a few days. Persons wishing any special information can obtain the same by addressing a letter to the Root Juice Medicine Company at Fort Wayne, Ind., where the main laboratories are located.

Mrs. Waybehind — "We've got to move into a cheaper house — we're so in debt on account of doctors' bills. I can't seem to keep well. Oh, I'm so miserable and unhappy!"

Anty Drudge — "Can't keep well? Why don't you use Fels-Naptha to make your work easy? I've cured lots of worn-out women with Fels-Naptha Soap."

Fels-Naptha is cheap because it saves coal, it saves work, it saves doctor's bills.

No sensible woman will make her work hard if she knows the way to make it easy. Fels-Naptha Soap is the way. It's the cool-water, no-hard-rubbing way. It's the best way.

ACCIDENTALLY KILLED.

Lonnie Howling, a young boy of Lower Greasy, was shot and killed by a companion last Saturday while setting up a target for other boys to shoot at.

The boys were shooting at a bottle with a 22-calibre rifle. Young Howling went to arrange the target and while thus engaged one of the young men fired, killing him instantly. — Paintsville Herald.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look Mother! If tongue is coated Give "California Syrup of Figs" to clean the bowels

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleaning at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remembrance, a gentle liver and howel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Co." Counterfeits are being sold here. Don't be fooled!

The Democrats saved one office from the Republican Avalanche which fell on Carter county on the fourth of November, "Sunny Jim" Potts defeated his Republican opponent for Sheriff.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my household work."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

RECORD IN MURDER TRIALS.

Williamson, W. Va., Nov. 9.—An unusual record was made yesterday in the Mingo County Circuit Court, when verdicts carrying the death penalty were returned against John Henderson and Henry Breen. Both trials were begun and completed during the day. The verdict in Henderson's case was returned just before midnight. Henderson killed Albert Duty, a Deputy Sheriff, and Green murdered his sweetheart, Mary Justice.

Editor Big Sandy News:—

Give me a small space in your paper to print a short letter in the interest of Hon. W. J. Fields, the Congress member who is now serving in Congress from the Ninth Congressional District of Kentucky. I want to say to the voters of our district of all political parties, Mr. Fields has done his duty in Congress. I am posted in his work, I want to call your attention to a bill he introduced in favor of the farmers. His bill was turned down, but by his heroic and hard work he got a reconsideration and got his bill acted on successfully. Mr. Fields has been a very busy member in Congress for the interest of all the people. I learn he is a candidate for reelection and I will say it is to our interest to keep him in Congress as long as he does good work for us. Don't change him off for an untried man. A word to old veteran comrades: Mr. Fields has been our friend in getting us justice. You're for the success of Mr. Fields. HENRY M. HUTCHISON, Late of Co. C., 40 Ky. Vol.

FOR SALE

Farm, Stock and Tools

I am offering for sale my farm of about 350 acres of land lying within three (3) miles of the city of Vanceburg, Ky., the County Seat of Lewis county. This farm contains a good six-room frame dwelling house, a new corn crib, chicken house, two large combination tobacco and stock barns and other necessary outbuildings. There are 15 or 20 acres of good bottom land, there are about 60 to 75 acres cleared land, about 25 acres of which is in grass. There is considerable timber on this land suitable for railroad ties and farm purposes. The uncleared land makes splendid summer pasture for cattle, and sheep and hogs will live in these woods with very little feed. Most of the land can be cultivated and produces splendid tobacco, corn, oats, potatoes, sorghum, cane and most all crops which are raised in this climate. There is some of the best fruit and berry land on this farm that can be found anywhere. The farm is well watered by never failing springs and running streams. There is one of the best wells of water within a few feet of the kitchen door that can be found anywhere in the county.

There is a splendid new school house on the farm which is also used for church purposes. There are 5 churches in the city of Vanceburg, which is only three miles away; also a splendid High School, which can be easily attended from the farm, as it is only 2 miles across by a bridge path to the school house. I will also include in this sale for the price named below two good work horses, all farm implements, consisting of one new turning plow, one new Avery double shovel plow, one hillside turning plow, one cutter plow, one single shovel plow, one spring wagon, two sets of work harness, single trees and all small tools now on the farm.

Considering the convenience of this land to the market, schools, churches, etc., I believe it is the greatest bargain ever offered in this county. The title is unquestionable.

The price for farm, stock and tools is \$3,500. If you are interested, do not delay coming.

Write me when you will start from home.

PIKE COUNTY NEWS

CONTEST ELECTION.

The action of the election commission, composed of three members S. M. Cecil, J. D. Meade and Jas. A. Scott, in officially canvassing the election returns last Friday evening and certifying a majority of 13 votes in favor of M. F. Campbell, republican nominee, in the race for county superintendent of schools, is under fire. Claiming that he carried the race by 108 votes, Geo. W. Potter, the democratic nominee, filed suit before the Pike Circuit court last Tuesday morning against sheriff H. Paulsey, and making each member of the commission a joint defendant, in which a mandatory injunction is sought to compel Paulsey to re-canvass the vote with S. M. Cecil and J. D. Meade, and to restrain J. A. Scott, Circuit Clerk from acting in any capacity whatsoever as a member of the commission.

The certificate of this office has been adversely claimed by both contending parties since the election, and as Judge J. F. Butler, of the circuit court was absent from the city at the time of filing the suit, the case, through Potter's attorneys, was carried before Judge Redwine at Catlettsburg because the exigency of circumstances demanded immediate adjudication.

Potter is represented by attorneys Elmer D. Stephenson, Thomas Hatcher and Chas. N. Hobson; and J. J. Moore is chief counsel for Campbell.

The injunction sought for was granted before Judge Redwine's court at Catlettsburg Wednesday.

BROKE JAIL.

Hearing noises around the iron grating at the Pikeville jail at 3 o'clock last Friday morning, Billy Cecil, who lives nearby, got up to investigate. He was just in time to

lay hold of Lewis Atkins' foot and draw him through an opening in the wall which Atkins had made in his efforts to escape. Another prisoner also came through, but jailer Joseph Ramsey was called, and in a jiffy they were both locked up again, this time in solitary confinement. Both were held on charges of moonshining, and both were taken to Catlettsburg for trial before the federal court Monday morning.

UNCLE NOAH'S TOSSUM.

Uncle Noah Taylor, the colored ex-jockey, had a "possum for dinner" last Sunday. Uncle Noah said, "I bought him for a quart, but when he was on do table with plenty of good gravy and sweet potatoes around him, he was wuth two dollars." Some time ago, when he was janitor at the Northern office, one of the engineers captured a rattlesnake and brought it to the office. All had looked at the reptile except Uncle Noah. The owner asked him to come and have a look at the little deur with his flue growing rattles, and Noah replied, "No, No; boss; me and them don't speak."

SICKNESS.

J. R. Johnson has pneumonia at his home on College-st. The infant daughter of Tom Williams is very sick with cold. The infant daughter of J. H. Staten, of West Pikeville is a victim of diphtheria.

SUPT MITCHELL THREATS.

Thanksgiving will be a lappy one at Allegheny, a little mining town near Helliell, on the Marrowbone branch; and maybe no more turkey will be in demand there for awhile. It is said Supt. T. J. Mitchell, of the Allegheny mines has ordered a fine turkey to be delivered to the

home of every family working for his company there. This means that more than one hundred and fifty of these birds will be delivered to the miners homes, and is the most liberal treat on record in this part of Kentucky.

PASTOR GETS CALL.

The Rev. J. A. Lewis, who has just returned to Pikeville from a lecture tour through Kansas, Oklahoma and Arkansas, has received a call to a pastorate in West Va., and it is possible he may accept and move there within the next two weeks.

Mr. Lewis is pastor of the First M. E. Church here, and during his brief stay in this city of one year he has achieved most satisfactory results. When he came to Pikeville he found the now magnificent new church building unfinished, and a big task confronted him. But by hard work and good management he brought the enormous job to a successful issue and laid the foundation for a great church work for the future.

STORKS IN THE BELFRY.

A girl baby was born at the home of Mr. and Mrs. Walter W. Reynolds on Main-st. last Saturday evening.

A boy baby was born to Mr. and Mrs. Moses F. Campbell at their home on Chloe creek, last Friday. Simultaneously, the glad tidings came to the happy father, after the long and doubtful contention between him, on the republican side, and Geo. W. Potter, on the democratic side, that he had carried by four votes the race for county Superintendent of Schools.

Indeed there was rejoicing at the Campbell home.

SCOTT TO HEAD

POLICE DEPARTMENT.

The race for chief of Police, which at the election resulted in a tie between F. C. Scott, rep., and Lylburne Dye, dem., was also settled by the canvassing commission last Friday evening, in a manner prescribed by statute. This race under the statute was to be settled by lot, the commission fixing the method. This was done by guessing a number and Scott exactly guessed it. This means that Scott will be the next head of the Pikeville Police department. By agreement, however, Dye will occupy the offices as chief the second year.

Letcher County News Notes.

WHITESBURG, KY., Nov. 11.—Last Tuesday one of the bardest fought political battles ever waged in Letcher-co. came to a finish, resulting in the election of the full Republican ticket to county offices.

Henry T. Day was elected County Judge by a majority of about 150 over Ben E. Caudill, Democrat; Capt. C. H. Back, of the Whitesburg State Guard, won by nearly 275 over Jas. M. Wright, Democrat. County Clerk R. B. Bentley had no opposition. Progressive candidate Crawford withdrawing from the race; Arch Lucas was elected Assessor over T. A. Dixon by about 400 majority. At first it was conceded that W. H. Blair of Colson, republican, had won over David Hays for County Attorney by about 11 votes, but a canvass of the returns shows Blair's election by only 1 vote, the closest race ever pulled off in the county. Fraud is alleged to have been perpetrated in at least two precincts in the county and there are rumors of a contest, especially in the County Attorney's race. Hero in Whitesburg there was more or less confusion and a number of arrests was made on election day. One arrest for illegal voting. It is also expected that the November grand jury soon to meet here will investigate the irregularities.

A few days ago while playing base ball Cashier William H. Courtney, of the Whitesburg National Bank, was struck in the month with a ball and so painfully injured that he was unable to speak or even move his mouth in the least for several days. This accident caused universal sorrowing among Mr. Courtney's many friends from the fact that he had just announced his very early marriage to Miss Uppington, a talented young woman of Lexington. Mr. Courtney is now much improved and the marriage will take place as announced, the latter part of this month.

Quite a sensation was caused a few days ago on the southbound passenger train when it became known that a colored man on the train had developed a case of small pox, a large number of passengers, including the train crew having come in contact with the negro. He, however, was allowed to pass Whitesburg without being molested. Telegrams were sent ahead and at Hazards the patient was taken off, examined and sent to a hospital in Lexington.

The Whitesburg Mountain Eagle, the sprightliest and best weekly in Eastern Kentucky (except the Big Sandy News) is making preparations to start at once a modern new home in the lower end of Main-st. The Eagle will also purchase a new linotype machine in order to meet its ever-increasing patronage of the paper.

LOCAL AND PERSONAL.

O. A. Stump has purchased the Smad Clothing Store.

Joseph Ramsey now has the contract for cleaning the streets of Pikeville.

Mr. Clay Scott and his son Grover, with their two families, have moved from the country into their property near the public school.

SOCIETY.

Mrs. John W. Langley had for her guests at her beautiful home in this city during the past week.

Miss Margaret Drennan and Mr. Harry Bankhardt, of Jonkins, the Misses Mals Culder, of Chelugo, Italia Lane, of Washington, D. C., William Langley and two daughters of Prestonsburg, and Fred Vaughan, of Paintsville.

Miss Hazel Cooper, of Paintsville was here as the guest of friends last Saturday.

A pretty home wedding was solemnized at the home of Mr. and Mrs. Tom Williams on Third-st. at high noon Wednesday between their daughter, Miss Vergie, and Mr. Thomas Calloway, of Northfork, W. Va., Rev. T. J. Rigg, of the Baptist church, officiating. Only a few witnessed the ceremony, and its suddenness will surprise many friends. The couple boarded the afternoon train for Washington, D. C., where they will spend their honeymoon, and they will be "at home" at Northfork, W. Va., after 30 days, where Mr. Calloway is an employe of Armour and Co.

LOCAL AND PERSONAL.

Work is especially being rushed on a large store and office building, perhaps the peer of anything ever undertaken in the coal fields. Uncle Sam deserves to get in line and establish a postoffice for Fleming, where at least 1500 men are employed, with a population, including women and children of perhaps 2500. Fleming is surely getting on the map.

A man named Hogg, who was horribly injured with a gasoline engine at Roxana several days ago, becoming entangled in its wheels, is still in a precarious condition. His physicians announce there is only slight hopes for his recovery. He has a small family.

George Hogg, merchant at Neon above here, a few days ago transferred his interests in the lot of about one-fourth of an acre in Fleming to John Justice, Pike-co., for \$2,500, although Mr. Hogg had the slightest chances for even the ghost of a title and a suit is now pending between him and the Mineral Fuel Co. However, Mr. Justice hopes to use the building indefinitely, which he will evidently do, and sell goods to many of the men employed by the company.

Sunday night snow began falling throughout this section and Sunday morning people awoke to find old terra enveloped in a mantle of snow to a depth several inches. Practically all long Sunday snow fell and a light fall perhaps seven inches covered the ground, the deepest snow record in November in many years. Many people were caught with but a small supply of coal.

Deputy Collector C. L. Fenson and possemen are off in the lower end of the county on what is believed will develop an important moonshine raid. A number of moonshiners, bootleggers and others are brought in every week, in an effort to check the considerable lawlessness caused by the sale of the demon whiskey.

A jolly party of Whitesburg women folk, including Miss Ora Day, Lizzie Holcomb, Mrs. Minnie Venters, Mrs. N. R. Day, Mrs. D. I. Day, Albert Holcomb, Mrs. C. H. Burion, Mrs. Salyer and others returned from attending the Eastern Star in Lexington and report a jolly time. This galaxy of Whitesburg's prettiest and most affable women is proud of the Eastern Star and will always be found doing everything in its power to further its interests.

Mr. Elmer Shroot, one of the foremost young business men of McRoberts, at present cashier of the McRoberts Bank, passed enroute to Winchester, where he is to marry one of Winchester's talented young women. The wedding will take place tomorrow and Mr. Shroot and his bride will then return to McRoberts.

At Indiana Bottom, near Heckey, this county, Mr. James Branson, 23, way married a few days ago to Miss Susan Whitaker, 20, one of the prettiest girls of the community. A number of other weddings have occurred in the county within the past few days.

LETCHER COUNTY AND WHITESBURG LOCALS.

John A. Webb, one of Whitesburg's hustling business men, returned from Cincinnati and Lexington.

Mr. and Mrs. D. M. Hruce, Tacoma, Va., have been guests of Whitesburg friends.

N. P. Funnish, Shelby Gap, Pike county, passed here enroute home from Covington.

Mrs. E. C. Long, Hazel Green, Ky. returned home after a pleasant visit with Whitesburg friends.

J. W. Hutton, of Clonfield, Pa., interested in the vast natural resources, our great coal and timber fields, has been here for several days. It is said he will invest considerable capital in the county.

H. M. Wells, South Bond, Ind., traveling man has been visiting the

AN INCESSANT COUGH.

Continued Dropping of Mucus into my Throat.

A severe cough is always a grave symptom. It may not indicate organic disease of the lungs. Even though the cough is a functional disturbance it is of sufficient gravity to demand prompt attention.

The dropping of mucus from the back part of the nose into the throat indicates nasal catarrh. Sometimes this goes on a long time before the patient pays any attention to it. It is stated on good authority that mucus dropping into the throat in this way is apt to excite catarrh of the stomach. At any rate, the condition ought to be corrected as soon as possible.

Mrs. Bourland, of Frankston, Texas, found after using Frankston that not only did the incessant cough disappear, but the dropping of mucus into the throat had also ceased. Read what she says:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages."

"I tried many remedies, which gave only temporary relief, or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured."

"I most cheerfully recommend the use of Peruna to any one similarly afflicted."

People who object to liquid medicines can now obtain Peruna Tablets.

merchants of the coal fields above here.

G. G. Wine, Lexington, organizer of the Macabees, having the ear marks of a splendid secret order, has been in Whitesburg making an effort to organize here.

Mr. J. E. Grauet, the Frick machinery man of Hazard, went up the L. and E. Monday on a trade expedition. The Frick company has warehouses in Hazard and are getting a splendid trade.

Mr. W. C. Means, Cincinnati traveling man has just made a tour of the coal fields above here.

The Consolidation Coal Co., has just completed a splendid new high and graded school building in McRoberts. Prof. Day, of this city has been employed as one of the instructors and the school will begin about the 16th.

Mr. C. B. Donaghy, having completed his railroad grade contract in western North Carolina, has arrived at Mayknig, where he will superintend the building of the new ideal roadway being built from Mayknig to Kona.

Jesse Morgann, Hazard attorney, passed here enroute to Jenkins, where his law partner, L. E. Harvey, holds a lucrative practice.

Mrs. Lydia Webb, after visiting here for several days, left for her return to Portland, Tenn. She was accompanied by Joel M. Wright.

Construction is said to be gaining much headway on the new Pottery fork and Bottom Branch extensions of the L. and E. in the coal fields.

Adams and Sullivan, Louisville contractors, have the grade work in hand. It is expected that the work will be completed within a few months.

Mr. R. E. Trevey, Jenkins photographer, was a Whitesburg business visitor Monday.

J. W. Hamilton, Paris, Ky., business man has been in the coal fields looking over the vast development the future of Eastern Kentucky.

The passenger traffic over the Lexington and Eastern continues to increase at a rapid rate. Hundreds of people go into the coal fields daily to see the great development work.
